

This versatile Cuddy Cabin has good times written all over it. Looks and handles like fibreglass, yet it's lighter than aluminium, so you'll need less power to make it go; and it's easier to tow. With a bimini and clears, it shelters you from the sun and occasional shower, so you won't come back red-faced. With room for one family or two, plus all your gear and choice of colours for the cabin, it's a winner.

This Mac 600 Fisherman will handle the rough seas of many areas around New Zealand. With its "Deep V" entry it will punch through the waves with a soft ride that Macs are famous for. It is fast for skiing or wake boarding, ideal for diving and very quiet and stable for fishing. The perfect family boat.

Length	5.75m
External beam	2.2 m
Internal beam	1.8m
Rating	90hp - 120hp
Hull weight	640 kg
Freeboard	650 mm
